Visit vibrant areas of Chinatown and Stanley Park with over 1,000 acres of forests, gardens, lakes and lawns in the heart of the city.

Day 09 – At sea: The ship is cruising today so time to get familiar with the facilities onboard.

Day 10 – Tracy Arm, Juneau Alaska - USA: This narrow 26-mile-long fjord is another Alaska's most dramatic glacier settings. The lush rain forest recedes to reveal a stunning canyon of bare rock. The panorama of 7,000-foot mountain peaks and nearly vertical rock cliffs is astounding. Waterfalls appear at every turn. Icebergs make their way to the sea in all sorts of wondrous shapes. And tucked away at the end of this remarkable waterway are two very active reminders of the Ice Age – the twin Sawyer Glaciers, calving icebergs into the jade-coloured inland sea. Kittiwakes, mountain goats and seals are a common sight, whales and bears may even make an appearance in this magical place.

Juneau Alaska: Located at the foot of grand mountain peaks on the Gastineau Channel the town of Juneau has the massive Mendenhall Glacier and the immense Juneau Icefields at its back door. Juneau is the place to let your imagination run wild. Explore the lush Tongass National Forest, visit the rustic shops in town or get out and kayak, dogsled, raft, hike, whale watch, flight see or fish. There's no end to the adventure because of the long daylight hours. Climb aboard the Mount. Roberts Tramway for a great spot to hike and shoot a souvenir photo.

Day 11 – Skagway, Alaska: The sidewalks are all but rolled up in Skagway come winter, so you can only imagine the frightful conditions endured by the gold prospectors who passed through en route to the Yukon, with a mandatory ton of supplies to be hauled with them over the steep and treacherous Trail of '98. Today visits during summer to Skagway require nothing of the sort, but you can still ride the antique White Pass and Yukon narrow-gauge railway up through silvery-purple rock faces, past Deadhorse Gulch to see what it was like back then. Take your time and poke into every little store from the Trail Bench to Lynch and Kennedy's Dry Goods. The Red Onion Saloon with its traditional piano and costumed barmaids is a treasure trove of memorabilia featuring pictures of Klondike Kate, Peahull Annie and other vintage characters. To complete the picture of those rip-roaring days visit the nostalgic Trail of '98 Museum. The Klondike Gold Rush National Historical Park boasts restored buildings and wooden boardwalks that invite you to take a stroll into the past.

Day 12 – Glacier Bay Scenic Cruising: As Biosphere Reserve and UNESCO World Heritage Site, Glacier Bay National Park; protects a unique ecosystem of plants and animals living in concert with an ever-changing glacial landscape. How does it feel when a monumental chunk of ice splits off a glacier and crashes into the sea? The sound is like thunder. The impact shoots water hundreds of feet into the air. You hold your breath as you catch the moment on film. Then you wait for it all to happen again and it does. Glacier Bay has more actively calving tidewater glaciers than anywhere else in the world.

Day 13 – Ketchikan - Alaska: Build out over the water and climbing weathered stairways, Ketchikan clings to the shores of Tongass Narrows and drapes the mountains with a cheerful air. Besides the main attractions – Creek Street, the Tongass Historical Museum, Totem Bight State Park and Saxman Village, try a flight seeing tip to the breathtaking Misty Fjords National Monument – a transformational adventure not to be missed. These deep water fjords left by retreating glaciers left granite cliffs towering thousands of feet above the sea and countless waterfalls cascading into placid waters. The souvenir photos you'll take from the pontoons of the plane are worth the trip alone.

Day 14 – At sea: A day to relax as you sail today.

Day 15 – Vancouver - UK: This morning you arrive at 7:00am and you could spend the morning sightseeing before you transfer independently to the airport for your flight home.
